

## Duct/Wall humidistat

Electro-mechanical humidistat with changeover contact. The humidistat is intended for mounting in ducts or wall mounting.

- On/off or proportional output
- For duct or wall mounting

Technical Data	
Switch data	10 A 250 V AC, change-over
Setpoint	10...100%RH
Hysteresis	3%RH
Step differential (HMH2)	0...25%RH
Mounting	Duct or wall-mounting
Protection class	IP54

Description	Output	Type	Leaflet
Duct humidistat	1 step	HMH	5-100
	2 steps	HMH2	5-100
	Proportional 0-148 ohm	HPH148	5-100
	Proportional 0-1000 ohm	HPH1000	5-100
